solid The revision proposals result in an extra cost of Rs 257/9 P m including the CA of Rs 25

8) At present there are 2 Asstt Public Conveyance Inspector & it is proposed to increase it to 4

9) The number of Public Conveyance Sergeants has been increased from 7 to 9

10) The Post of a Process Server on Rs 12 P m has been created

W&S 14/11 Jan 15/11

1) On scrutiny of the proposals received shows the following facts -

1) As against the existing number of 1 hands the number would be increased to 18

2) As against the fixed by each of the existing, the Inspector, Asst Inspectors of the P.C Sergeants are proposed to be given

It is seen that the grades proposed overlaps one another instead of allowing promotions from one grade to another. This has to be avoided.

2) The gap in the pay between the fixed for the Inspector & that of the Asst Inspector is very great viz as much as when an Asst Inspector is to be promoted as Insp there would be very difficult. Hence the difference in pay may be minimised

3) Since the nature of work to be entrusted to the A P C Y S & Posts is the same, there may not be fixed as of one grade for each class instead of having 2 grades 30-1-35 and 25-1-30 APCs and 20-1-30 APCs and 15-1-25

4) When there are nine Police Constables Sergeant for nine Divisions, there does not appear to be any necessity to have a separate process server. One process server cannot attend to the entire city. He does not get any time to perform his functions. Hence Sergeants should be

able to attend to the immediate demands etc and their Dearness Pay as they are to be paid the Consequential allowance (therefore) It is not also known whether the revised grants have been approved when they would be subject to such final approval

14) The proposals may further require to be considered afresh on the basis of the suggestions made above if approved, the Govt will be written to accordingly While there is necessity to revise the establishment, the proposals now sent are not quite suitable and will be considered afresh

Lawsey 19/11/43

SEOY LAW DEPT 1943 GOVT OF MYSORE

15) The agents may be provided but the Municipal Govt may be requested to expedite Regarding allowance the question appears to be under Govt's orders

2) The ml Commr, Bgl submitted proposals for the revision of the scale of Pay of the public conveyance Deptt of the Bangalore cantonment. After examining the proposals certain defects were found & the same were pointed out to the ml Commr & he was requested to submit suitable proposals after rectifying the defects. He has accordingly submitted proposals which result in an extra cost of Rs 349 P.M.

4) As against the existing number of 12 hands, the number would be increased to 17. Grade pay has been proposed to all the officials - Inspector, Asstt Inspectors Serjeants - except the Painter & the Peon.

3) Necessary provision has been made in the current years budget of the cantonment under "E & S". P.C. Deptt Estt III may kindly issue orders

Ans 9/11/31

1) The present scale of pay of the Public Conveyance Department was fixed in the year 1922.

2) The establishment has since been extended during the last 2 years and it is found that the present establishment is inadequate to cope

with the work in all parts of the city. Further, the schedule of fares to be charged by the Jutkas was also revised. But the exploitation of Jutka owners knew no bounds. Continued complaints from visitors to the city that the Jutka owners were demanding exorbitant rates. With a view to see that effective control was exercised over them, it is found necessary to increase the number of hands in the Conveyance Dept of the City Police to revise the Tariff of hire shortly.

33) The MC have accordingly proposed to increase the number of the establishment from 12 to 17 of different grades of pay, as shown in the proposition statement. The proposal would involve an extra cost of Rs 4188/- p.a. Means expenditure for a year and the current years budget of the city under this head. It is proposed to open taxi stations in important places in the city and enforce the Jutka drivers to adhere to the schedule rates. The proposals are intended to exercise effective control over the Public conveyances in the city. The reorganization of that dept as mentioned in the MC may be sanctioned.

Secretary to Govt

Reorganisation of the Public Conveyance Dept of the Ministry of

34) Also necessary to have effective control over the public conveyances in the city

35) Proposed to increase the no of Road Inspectors Sergeants & Junior Staff as shown in the Memorandum

36) The additional cost involved Rs 1688 p.a.

37) May be approved

SECRETARY TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE
LAW DEPARTMENT BANGALORE

SIR

I have the honour to state that the Municipal Councillor, Mr B Subbiah, moved a proposition in the Municipal Council on 16-5-1943, that the owners and drivers of jutkas were exploiting the present war situation by demanding fares higher than those fixed by the Municipality as per Schedule 'E' of the Mysore Public Conveyance Rules of 1932 and that, therefore, necessary measures should be taken to enforce the scheduled rates This was passed by the Municipal Council The Revenue Officer was instructed to take necessary action in the matter He reported that the scheduled rates of fares could not be enforced effectively because the existing list did not include many new extensions of the City that were formed in recent years and that the drivers of jutkas demended higher rates than the scheduled ones because these rates did not correspond with the rise in prices of food stuffs, grass gram, etc Thereupon, a revised list of fares, enhancing the existing fares by 50% and including the new extensions, was prepared and placed before the Municipal Council who approved of the same at their meeting held on 28-7-1943 This revised list has been published in local papers, calling for objections, A final report to Government in this behalf will be submitted after the rates are finally approved by the Municipal Council

A /

I am further to add, that the Municipal Council have also resolved to open six traffic stations in important places in the City, to put up the notice boards exhibiting the proposed fare-lists The Municipal Engineer has been asked to take necessary

necessary action in this behalf The entertainment of additional staff for better controlling and for enforcing the payment of scheduled fares, has also been approved by the Municip l Council Necessary proposals in this behalf will be submitted to Government separately

A copy of the resolution of the Municipal Council held on 28-7-1943, is also enclosed herein

I have the honour to be,

Sir,

Your most obedient servant,

Forwarded with compliments

PROCEEDINGS OF THE SPECIAL MEETING OF COUNCIL DATED
28th July 1943

---

2 Revenue Officer's memo No B8-Pr 1/43-44 dated 7th July 1943 submitting a revised list of Jutka fares within the City of Bangalore at 1/3 of the existing rates, as also x rates at 1½ times and twice the existing rates Also a statement showing the present establishment with the proposed establishment with the distribution of work

The President explained the Officer's Memo increasing the rates and the extra staff required for working the Public Conveyence Department more efficiently He also explained tha traffic stations would be opened in important places, like the City Railway Stations, Majestic, Circle, Seshadripura and Basavangudi

Mr Mirza Azizulla Beig said it was no use simply enhancing the fares without improving the conditions of the vehicles, and the horse

Mr P R Guruv Reddy speaking on the subject said that it is only on the inspection day that the jutkas as well as the ponies will look decent but within a short period one would see the same old cart and ragged ponies

The President said that it would be better if the Jutkas are abolished and replaced by tongas and the Municipality could as well advance some amount for the purpose

Mr P R Ramiah supported the rise of the rates by 50% He said that in Mysore the jutkas had become rare and there were tongas due to the munificient grant by the Palace The Municipality could invest some amount for the purpose and recover it by easy instalments

Mr M K Narayana Iyengar said that after all it would be a paper resolution and he was doubtful if the rates could be enforced, as the jutka owners demand their own rates

Then, the motion for enhancement of the rates by 50% was approved and six Traffic Stations be also opened in suitable places and the additional establishment sought for is also sanctioned

OF HIS HIGHNESS THE MAHARAJA OF MYSORE
LAW DEPARTMENT BANGALORE

SIR

In continuation of this office letter No C2 C 1157/41 dated 15-9-43 regarding the revision of Jutka fares in - Bangalore City, I have the honour to forward herewith a proposition statement in duplicate showing the proposed revision of the Public Conveyance Department referred to in the second para of the above mentioned letter The necessity for entertaining the additional staff as resolved by the Council has been explained vide note on the proposition statement sent herewith The present staff is quite inadequate and low paid when compared to the increased in the collections every year ~~exper statement~~ on account of the expansion of the City - - limits from time to time and increased commercial activities in the city

Copies of the President's Note and of the resolutions of the Council dated 29-5-43 and 28-7-43 are also herein enclosed for favour of obtaining sanction of Government to the resolution of the Council dated 28-7-43 in the matter of revision of the scale of pay of the Public Conveyance Department of this Municipality

I have the honour to be,
Sir,
Your most obedient servant,

rded with compliments

orary President

Municipal Commissioner

15

President's note re Jatka Fares in the City

As early as last year, a report was prepared by the Council to control the Jutka Fares in the City in order to check the exploitation of Jutka owners in war conditions and now it has become imperative that the whole thing should be brought under control Visitors to the City have been complaining against this exploitation and they travel in terms of uncertainties This can be achieved only by co-operation in full measure of the police with the Municipal authorities

We should have proper Jutaka stands in all important places in the City with boards displaying the rates of Jutaka hire at important places Every stand should have a police constable and a Municipal public Conveyance Department official to put into force the scheduled rates of hire and guide the passengers against the exploitations

The fares now proposed are far higher than the old rates due to increase in prices of things and when published in papers no objections have so far been received

Even though we realise nearly a sum of Rs 11,000/- as income from public conveyances we are not spending a good portion of the amount towards the maintanance of the Public conveyance at a meagre cost of Rs 3 516/- only We should increase the staff for efficiency and thus afford greater degr of comfort to the public »

Sd V K Govindarajulu,
Hon President

Proceedings of the meeting of Council dated 29-6-1943 /2

---

1 Office Note in the matter of fixing of jutka fares in the City with the President's Note thereon

Resolution - The President said that the subject was of utmost importance inasmuch as it related to the interests of both the owners of jutkas and hirers At present, the public were greatly harassed by the jutka owners and it was also true that the jutka fares should be increased considering the rise in prices of gram grass etc It was with this intention that he had put up a note Then he read the note for the information of the House.

Mr Muthoji Rao Scindia District Superintendent of Police who was also present at the meeting on request, said that there was dual control on the hackney carriages in the City whereas in Bombay, Delhi and such big cities the Police controlled the issue and cancellation of licenses also Here, unless some one complained to the Police about any irregularity they could not interfere in the matter

The President then explained that there was inadequacy of staff to control the jutkas and it was with this view he suggested the entertainment of two additional inspectors on Rs 25/- each with suitable grade and four sergeants on Rs 18/- each, and he said that definite proposals will be placed before the Council

After much discussion as regards the revision of the fares the following resolution was adopted -

"Resolved that schedule No L for public conveyances be changed and the fares of distance be from 3 annas to four annas per mile from 8 annas to 10 annas per hour and from 7 annas to 8 annas for every additional hour, between important centres"

The District Superintendent of Police said that he would cooperate fully with the Municipality and he requested that a reward due under Section 47 of the Mysore Public Conveyance Act to a Police Officer may be given

Then, the proposal of the President for entertaining additional staff with the above resolution was unanimously passed

It was also suggested that the Municipal Engineer be requested to prepare an estimate of cost for getting boards prepared showing the revised rates and in the meantime the Revenue Officer be requested to draw up a fresh list of rates revised as per the decisions arrived at and place it before the Council very early

and this overlapping has to be avoided The gap in the pay

Examined by

WD 04161—GPB—60 000—24 10 41

fixed for the Inspector & that of the Asstt Inspectors is very great in as much as when an Asstt Inspector is to be promoted as an Inspector, it would be very difficult. Hence this difference in pay may be minimised since the nature of work to be entrusted to the Asstt Inspectors & the Inspector is the same, their pay may be fixed as of one grade for each class instead of having 2 men on Rs 30-1-35 & 2 on Rs 25-1-35 & 5 Sergeants on Rs 20-1-30 & 4 Sergeants on Rs 20-1-25, further When there are nine Sergeants for nine divisions, there does not appear to be any necessity to have a separate Process server One Process server cannot also attend to the work throughout the entire City. He does not get any conveyance allowance either The Sergeants, when in their respective divisions should be able to attend to the work of serving summonses etc in their divisions, as they are, to be paid conveyance allowance therefor

I am therefore to request you to be so good as to consider the question afresh on the basis of the suggestions made above and submit revised proposals on this behalf

Thanking you

for Secy to Govt

File No 10-4

Serial No 144

Proceedings of the Government of His Highness the Maharaja of Mysore

Read— Correspondence ending with letter No AS C 352/43 1-11-44 from the Mel Comm Bang, submitting proposals for the revision of the scales of pay of the Public conveyance Deptt of the Bang municipality Order No L7857-62 ~~Order thereon No~~ The Present Staff & scale of Pay of the Public Conveyance Deptt of the Bangalore Cty Mcp were fixed in the year 1922. City has since then expanded on several directions & the present establishm

is found inadequate to cope
with the work in all parts of
the city. The schedule of fares
to be charged by the jutka
~~owners~~ drivers was also
revised recently owing to
war conditions. With a view
to see that effective control
is exercised over the jutka ~~owners~~ drivers
so that they may not charge
extortionate rates beyond
the scheduled fare, it is necessary
to increase the strength of the
supervisory staff of the Public
Conveyance Deptt & to revise
their scales of Pay suitably.
The Mc Comm has accordingly
submitted for sanction proposals
as approved by the Mc at
their meeting held on 10-10 44
to increase the number of branches
of this estt from 12 to 17 & to fix them
on different grades of Pay
resulting in an extra expenditure

of Rs 4188 per annum

Govt consider it necessary not only to revise the scales of pay but also to increase the number of hands in the Public conveyance Deptt of the Bcof mef; and are accordingly pleased to sanction the proposals of the mil. el as shown in the statement appended. The extra expenditure during the current year will be met out of the provision of Rs 2,200 made under "6 (2) P & Deptt estt" in the sanctioned mil budget. Necessary provision should be made therefor in the annual budgets of the mef from 1945-46 onwards.

The mil Comm is requested to distribute the staff throughout the cof in such
